About

I am a passionate and dedicated Software Engineer with over 3 years of professional experience in backend development, specializing in **PHP**, **Laravel**, and **WordPress plugin development**. My journey began in 2018, focusing on PHP development, and I transitioned into professional roles in 2022. I have worked on diverse projects, including SaaS applications, charity platforms, portfolios, and SPA systems, utilizing modular-based architectures.

Technical Proficiency

- **Programming Languages:** PHP, JavaScript, HTML, CSS
 - **Frameworks & CMS :** Laravel, FilamentPHP, WordPress, WooCommerce, Elementor, Gutenberg
 - **Frontend Development :** React, Bootstrap, jQuery, AJAX
 - **Database Management:** MySQL, MongoDB
 - **Version Control & Collaboration :** Git, GitHub, GitScrum
 - **Methodologies:** Agile Development Practices
-

Experience

Roxnor/ Software Engineer

May 2023 - PRESENT, Asad Avenue, Dhaka, Bangladesh

I am currently working as a full-time **Software Engineer** at **Roxnor**, where I contribute to the development and enhancement of widely-used **WordPress plugins** such as **MetForm**, **ShopEngine**, **WP Social**, **Gutenkit**, **Popupkit** and **ElementsKit** etc. My responsibilities include **feature development**, **bug fixes**, and the **integration of third-party CMS** and **social APIs**, including **Zoho**, **Mailchimp**, **Google reCAPTCHA**, **Facebook**, **Pinterest**, and **LinkedIn** etc.

Additionally, I am actively involved in the backend development of a **SaaS HR Solution**, where I focus on creating **APIs** and building **Laravel packages**. The architecture of the system is designed to be modular and scalable, similar to frameworks like **Filament PHP**, ensuring flexibility and ease of maintenance.

BugBuildLabs / Junior BackEnd Developer

November 2022 - March 2023, Feni Center, College Road, Feni, Bangladesh

As a Junior Backend Developer at BugBuildLabs, I contributed to the development and maintenance of **Codecanyon-based software projects**.

My responsibilities included working on the **backend** using **PHP Laravel**, with a focus on **modular Laravel systems**. I gained experience in developing and enhancing various projects, including **Single Page Applications (SPA)**, **CrowdPress (charity platforms)**, and **portfolio websites**, ensuring efficient and scalable backend architecture.

Education

Bangladesh University/ Bsc, Computer Science

September 2023 - Present, Mohammadpur Dhaka

Golden Polytechnic Institute/ Diploma Engineering, Computer

June 2017 - May 2022, Chhagalnaiya Feni.

Grade: 3.67(4.00).

Language

Bangla (Native), **English**
